What are Trade Support Loans? Trade Support Loans are loans paid in installments totalling up to \$20,000 spread over four years.

These loans are intended to assist apprentices with everyday costs while they complete their apprenticeship. Eligible Trade Australian

Apprentices may apply (opt-in) for regular instalments according to their needs.

How do Trade Support Loans work? Trade Support Loans are a more effective method of assisting eligible apprentices with their everyday cost while they undertake their apprenticeship. The program provides apprentices with up to \$20,000 as an income contingent loan, compared with the old Tools For Your Trade payment. Payments are as follows: **Year 1** = Up to \$8,000 - **Year 2** = Up to \$6,000 - **Year 3** = Up to \$4,000 - **Year 4** = Up to \$2,000

Upon Completion of Apprenticeship = 20% discount is applied to the loan amounts borrowed. Loan amount will be repaid through the taxation system when the minimum income threshold is reached. In 2015-16 the minimum repayment occurs at income threshold of \$54,126.
